General Release

I am participating in a program at Fort New Salem. I realize that the blacksmith's craft involves working with hot metal and other tools that can cause injury to myself or others in the shop. I also understand that it is my responsibility to take every safety precaution to prevent or limit any injury. These precautions include wearing safety glasses, safety shoes or boots, and heat resistant gloves. * Failure to use these safety devices and follow any instructions from James A. (Jymm) Hoffman, or his designee, may result in my immediate removal from the shop.

I agree not to hold James A. (Jymm) Hoffman, Hoffman's Forge, LLC, nor the Fort New Salem Foundation responsible for any injuries to me or any of my property while at Fort New Salem. I also understand that I am personally liable for any damages I cause outside of normal wear and tear to equipment at Blacksmith Shop of Fort New Salem.
